RHI: WORLD CLASS IN REFRACTORIES

RHI AG is the world market and technology leader in high-grade ceramic refractory materials. Our products are used in refractory linings for aggregates in the steel, glass, cement, lime, nonferrous metals and environment, energy and chemical industries in all high-temperature processes exceeding 1,200 °C and cannot be substituted.

As a global player with Austrian roots, we currently employ about 8,000 people worldwide at 32 production sites in Europe, the USA, Canada, Latin America, South Africa and China, and are represented on 5 continents with more than 70 service sites. The headquarters, the global research centre and five production sites are located in Austria.

YOUR INTERNATIONAL CAREER OPPORTUNITY

We offer top-qualified, committed people in technical and commercial areas excellent careers with international development opportunities – be it as an executive, specialist or project manager.

As an “attractive employer” (according to a Hewitt study) we offer you:

- Top training and further education opportunities at all career levels
- flexible working-hour models
- attractive salaries with performance-based remuneration systems
- a healthcare and preventive examination programme that has received multiple awards

We promote and require cultural variety and mobility, inter-departmental thinking, decisiveness and a role model function.

We offer you the opportunity to actively contribute to the corporate success of a dynamic, exciting international group.

WHAT WE STAND FOR – OUR VALUES

Power of innovation, openness and reliability are intergral to our daily business at RHI. Our corporate strategy and our actions reflect these values and form the basis for sustainable economic success.

Power of innovation: We achieve an economic advantage for our customers through our global technology leadership. We therefore allocate substantial funds and know-how in the form of personnel resources in order to expand this leadership further.

Openness: As a listed company, we are committed to active, open communication with all our stakeholders. This openness is also expressed by dealing respectfully with the different cultures of our customers and employees worldwide. A continuous exchange between the management and employee representatives creates a common understanding.

Reliability: The high international reputation of the RHI Group and its brands established in the market obliges us to absolute professionalism, universal quality standards and responsibility towards society as a Corporate Citizen.

Our objective: Economic success through profitable growth.

YOUR PROFILE

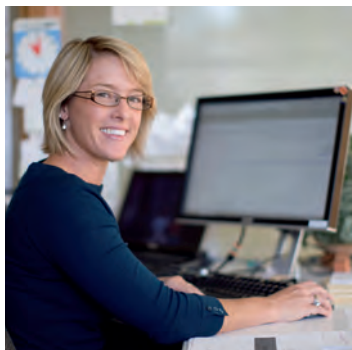

We expect responsible actions in line with our values from our employees. To ensure this, we provide comprehensive support in your professional and personal development.

You have:

- an excellent education
- outstanding willingness and commitment
- entrepreneurial thinking
- a high level of mobility and flexibility
- team spirit
- You enjoy working with people from different corporate cultures
- and have a good command of the English language
